

During an emergency or threat of disaster Civil Defense information will be broadcast over local radio and TV stations. When an evacuation is necessary these broadcasts may include information about the location of Public Emergency Shelters in affected areas. More information, including the location of shelters designated for people with special health needs, and facilities for household pets may be broadcast, as well as when volunteers will be available to open shelters and direct evacuees to the appropriate areas.

Since public shelters do not stock supplies, please bring provisions from your emergency supply kit at home. You will need at least two days worth of food, water, and personal items for yourself, family members, and household pets.

Please review this statewide list of Emergency Public Shelters and note the two or three closest to your home. The shelters are listed by county.

Facilities designated to serve as Special Needs Shelters provide limited support to persons with special health needs. Special health needs evacuees must either be capable of taking care of their own needs or be accompanied by a caregiver.

Pet Friendly Shelters are co-located with some general population shelters. Household pets entering a pet friendly shelter must be caged for safety and owners should provide water and food for their pets.

**Legend:**  
S = Special Needs + General Population  
P = Pet Friendly + General Population  
S/P = Special Needs + Pet Friendly + General Population
